Dear Association Officers/Members

In regard to your statement sent to sponsors of your recent 2011 TCRA Trade Show & Conference, CARS would like to respond with resounding support for your efforts and report to you our intent to continue our support of TCRA and to participate in the next annual event. We understand circumstances sometime prevent the outcomes anticipated by an organization like yours despite best efforts. We were impressed with the event as planned. You had a choice location, and the organization/execution by your staff of volunteers was first rate. Additionally, we salute you for your reasoning and rational for staging such an event. It speaks to your industry's professionalism in the State of Tennessee.

Thank you again for the hospitality shown to our organization and we look forward to working with you in the future!

Respectfully,

CARS, Inc.

Orville W Manuel
